dear friend,

my name is name is dr. tyler hess, a british national and an investment consultant attached to the libyan investment authority (lia). i started working for the libyan government under the leadership of muammar muhammad al-gaddafi since the beginning of 2000 and have arranged so many deals between the government and the international partners but due to the ongoing crisis in the country i decided to quit my job and return to my home country england because i am not in support of the libyan leader muammar muhammad al-gaddafi due to his crack down on the opposition.

there are some funds which i was directed to move to neighboring ghana at the beginning of the uprising for further transfer to china for the purchase of arms to be used in the ongoing war in the libya. the funds which i succeeded in moving through a clandestine arrangement to a private finance company in ghana is now deposited there waiting for my further instruction for onward transfer to china for the purchase of the arms and ammunitions from an arms manufacturing company in china but i now decided to leave the country with the whole documents relating to this funds as the libyan leader muhammad al-gaddafi has been toppled and killed by the rebels.

i saw this as an opportunity to divert this fund for our personal use since i have the whole documents because two of my colleagues, the defense chief abu bakr yunis and ghadafi's son who are aware of this deposit were all killed the rebel forces together with ghadafi when their convoy was attached by nto war plane.

i am currently in my native country england waiting for a reliable

partner on whose name this fund shall be transferred since i am in possession of all the documents. i will personally facilitate the release of this fund and have it moved to your nominated account anywhere around the globe. i will be able to do this because i was the one that orchestrated the movement of this fund out of libya to ghana therefore is in possession of all the papers to that effect.

further details shall be given to you upon the receipt of your interest to work with me on this project so that we can successfully move this fund to your nominated account. all arrangement has been concluded for the successful conclusion of the release/transfer of this fund in your name.

cher ami,  
je suis madame nenita villaran, une citoyenne de la philippine, veuve, et héritière légitime de l'ancien ministre des finances qui a été assassiné par l'ancien président joseph. en philippine. j'ai hérité une somme totale de 20 millions de dollars de mon mari. la pression de la famille de mon mari après son décès sur cet argent m'a obligé à m'enfuir. j'ai été obligé de dissimuler l'argent dans une valise que j'ai déposé dans une société de sécurité en côte d'ivoire sous un arrangement secret, comme étant un trésor de famille. ceci signifie que la compagnie de sécurité ne connaît pas le contenu de cette valise qui a enfin de compte été expédiée des philippines sous une couverture diplomatique. je voudrais vous demander une assistance qui se réduit au fait que je ne veux pas que le nom de la famille de mon ancien mari soit impliqué dans cette affaire de peur de me faire retirer cet héritage par sa famille. je vous fais savoir que la déclaration d'envoi du colis a été autorisée par la compagnie de sécurité et cela et seulement par le biais de mon représentant à l'étranger, bien que je n'en ai pas. de ce fait, je vous serai gré de contacter la compagnie de sécurité comme étant mon associé. après avoir reçu la preuve que vous êtes mon représentant, la compagnie vous transférera la valise diplomatiquement. et aussitôt que l'agent diplomatique d'expédition a approuvé le chargement et vous dit la date d'arrivée de la valise, vous récupérerez votre commission qui sera de 15 % du montant total se trouvant dans la valise et cela instantanément, avant même que je pense à me faire soigner si bien sûr, dieu me permet d'être encore en vie lorsque la malette sera récupérée car je souffre énormément d'un problème reinal. une fois ayant pris connaissance de cette affaire qui s'avère juteuse dans les deux sens, c'est-à-dire autant pour vous que pour moi, je vous demanderez de me répondre de sorte à ce que nous puissions prendre contact pour pouvoir récupérer ma valise et pouvoir même être associé dans un avenir proche car je compte faire des investissements dans votre pays avec cet argent.  
cordialement,

(we are placed under surveillance).

however my main point of contacting you is to seek your sincere suggestion and guideline to invest in your country. and please because of my previous position in the government, i do not need to tell you of the absolute confidentiality which we both must have to observe, if we are to go into investment, or rather if you are to help me in investing in your country.

i desired to contact you now that i am very sure that all eyes are not on us as it was when the problem first began though we are still going to court but the environment is good now to handle the transaction very safely. from the news publications attached here in respect of the government probes into much of the projects my ministry executed will make you to understand my position with the government now.

i thank you very much for taking time to go through my mail, and hope to read from your reply soon. thanks for your anticipated cooperation and my regards to your family. good luck, and feel free to contact me on my email suryat11@hotmail.com, until arrangements are made.

dear good friend

greetings,

it is indeed my pleasure to write you this letter, which i believe will be a surprise to you as we have never met before, and i am deeply sorry if i have in any manner disturbed your privacy. please forgive this unusual manner of contacting you, but this particular letter is of exceptional and very private nature. there is absolutely going to be a great doubt and distrust in your heart in respect of this email, coupled with the fact that, so many individuals have taken possession of the internet to facilitate their nefarious deeds, thereby making it extremely difficult for genuine and legitimate business class persons to get attention and recognition. there is no way for me to know whether i will be properly understood, but it is my duty to write and reach out to you.

my name is mrs. vivian salem, wife of late salem nasim in iraq, some years ago, i lost my husband nasim and three children - husam, 15 years old, wasim, 12 years old and merna, 6 years old, this happened when a combatant military tank shelled our car as my family attempted to flee heavy fighting in baghdad, view the website below for detail story of how i lost my family.

[http://news.bbc.co.uk/1/shared/spl/hi/middle\\_east/04/vivians\\_story/html/1.stm](http://news.bbc.co.uk/1/shared/spl/hi/middle_east/04/vivians_story/html/1.stm)

before my husband and my children was killed, he deposited the sum of \$29.5 million ( twenty nine million five hundred thousand dollars ) with a security & finance company in europe. i had contacted a diplomat who was attached to the united nation peace keeping forces in europe and had assured me of assisting me to move the boxes through diplomatic cargo, only if i had a partner to receive it on my behalf. all

attn : sir/madam,

i am mr. donard garang, the eldest son of late vice president of sudan, dr. john garang who was the former rebel leader of the sudan people liberation movement (*splm*). my father had been fighting for a "new sudan" since 1983. he was a strong advocate for national unity : minorities together formed a majority and therefore should rule. together, he believed, they could replace president omar al-bashir with a government made up of representatives from "all tribes and religions in sudan."

my father signed a peace agreement on january 9, 2005 in nairobi, kenya. on july 9, 2005, he was sworn in as vice-president, the second most powerful person in the country, following a ceremony in which he and president omar al-bashir signed a power-sharing constitution. he died on saturday 30th of july 2005 on a sabotaged helicopter crash just three weeks after his inauguration on the 9th of july 2005 at our capital khartoum. you can read the sad news at : <http://southsudanfriends.org/news/garangkilledincrash.html>

i got your contact information from *global online trade & investment solution* during the process of searching for a reliable buyer of our family gold & diamond. this gold & diamond is owned by my late father in exchange to the purchase of arms from south africa, for the *splm* military wing before his untimely death caused by the unpleasant situation in my country that is still going on now. as the news of the peace agreement reaches my father while he was in south africa for

the arms deal, he took advantage of the opportunity and deposit the diamond into a security company in south africa.

as a result of several threats from the incumbent president, omar al-bashir who has denied any government involvement in master minding the death of my father and his ads, we decided to migrate to south africa to seek for a capable foreigne buyer. upon your acceptance to purchase, please indicate your interest by contacting me via this email. also email me your personal profile & private telephone number, and i will give you comprehensive detail on how this transaction would be accomplished without any hitch.

thanks in anticipation to your co-operation

yours truly,

mr. donard garang

*lettres de jérusalem.*

le préfet de police vient de faire arrêter un nommé follebarbe, au moment où il se présentait chez un négociant, pour y recevoir le montant d'une lettre de change, qu'il s'était procurée à l'aide de lettres dites *de jérusalem*. cet individu, sous le nom de préville, écrivait qu'il était prisonnier au temple, et offrait d'indiquer un trésor qu'il avait enfoui, disait-il, avant son arrestation. malgré le grand nombre d'avis insérés dans les papiers publics pour engager les citoyens à se tenir en garde contre de tels escrocs, il se trouve encore, surtout dans les départements, des personnes qui leur répondent. l'une des lettres adressées à celui-ci, contenait un bon de 331f, dont il pouvait aller toucher le montant à la poste, et en faisant cet envoi, on demandait le plan indicatif du lieu où était enfoui le prétendu trésor.

(journal de paris, 13 brumaire an x.)

the chief of police ordered the arrest of a man called crazybeard, just as he arrived at a merchant's place to receive the amount of a bill of exchange which he had obtained with the help of the so-called *letters from jerusalem*. that man, assuming the name of preville, wrote that he was a prisoner in the temple prison and offered to indicate the place where, he pretended, he had buried a treasure before being arrested. in spite of the numerous warnings published in the public papers, inviting citizens to beware from such crooks, some people, mainly in the departments, still answer those letters. one of the letters addressed to preville contained a voucher for 331 francs, which could be cashed at the post office, and the sender requested a map indicating the place where the treasure was buried.

(journal of paris, 13 brumaire an x)

these texts make up the raw material used by joana hadjithomas and khalil joreige to create the video installation, *a letter can always reach its destination*. collected here and left untouched, they play a role similar to that of a *music score*.
